~~~~~

***This test is for horses with jumping experience competing First Level & above.***

*Maximum height of fences 2'6".*

*It is understood that a jumping horse isn't expected to be "on the aids" as a competing dressage horse, but the horse must softly accept the bit & may show more "roundness" in the parts of the tests separate from the jumps.*

*Unless indicated, trot work to be done posting or sitting, & when allowed to change leads, either simple/flying changes are acceptable. Quality of the change is what matters.*

***Test may be called.***

***Refusals will be penalized as an error.***

***Knockdowns penalized at the judge's discretion.***

***In case of a rail in the way, the judge will ring the bell for the rider to stop without penalty. After jump is replaced, the bell will be rung again telling the rider to continue from where he stopped.***
